

## **A Conversation with Bryan Carter**

*Erec Smith*

*“In a scenario akin to the land rushes of the nineteenth century, educators have climbed on to whatever available mode of conveyance (PC, Mac, UNIX, etc) and have attempted to keep up with the hoard of other users who, metaphorically, are heading west into this virtual landscape.”*

**WORKS AND DAYS 37/38, Vol.19, Nos. 1&2, 2001**
